

ASME Program Meeting  
Stargazing at Widener University  
November 2, 2009 at 5:30 pm.

Come join us at the Widener University Observatory for a night of stargazing. We will be guided by a Widener University Astronomer in viewing planets, stars, nebulae, clusters, and galaxies using a 16-inch computer-driven Meade Cassegrain telescope as well as several smaller, 12-inch telescopes. To see what is viewable in the sky tonight, visit "Night Sky Viewing" at [http://www.science.widener.edu/~augensen/pv\\_monthlyviewing\\_latest.pdf](http://www.science.widener.edu/~augensen/pv_monthlyviewing_latest.pdf).

In addition, we will be given a short presentation at the University's planetarium.

Please make a reservation and confirm your attendance by 3:00 P.M.,  
Wednesday, 10/28/09.

Call Mark Nicosia at 610-499-4192; or e-mail: [manicosia@widener.edu](mailto:manicosia@widener.edu)

Location: Meet in Main Lobby of Kirkbride Hall on Widener's Campus  
(see below for directions)
